ANDREW J. DUTCHER

Index – Journal of Creative Behavior, Volume 38, 2004

ACADEMIC LEARNING

Seventh graders' academic achievement, creativity, and ability to construct a cross-domain concept map – a brain function perspective 125

ACHIEVEMENT

Generalization of creativity across domains: Examination of the method effect hypothesis 1

ASSESSMENTS – CREATIVITY

Creativity and Intuition Revisited 244

Defining and Assessing Problem-Solving Style: Design and Development of a New Tool 221

BIOGRAPHIES

Biography: Alex F. Osborn 70

Ruth B. Noller: From musician to mentor 217

Sidney J. Parnes: A biography 145

BRAIN FUNCTIONING

Seventh graders' academic achievement, creativity, and ability to construct a cross-domain concept map – a brain function perspective 125

BRAINSTORMING

Beyond brainstorming: Effects of different group procedures on selection of ideas and satisfaction with the process 13

CASE STUDIES
The dynamics of creative teaching 102

COGNITIVE TRAINING
Types of creativity training: Approaches and their effectiveness 149

CREATIVE PERSON
Creativity, Mood Disorders, and Emotional Intelligence 260

CREATIVE PROBLEM SOLVING
Celebrating 50 years of reflective practice: Versions of creative problem solving 75
Reflections to creative problem solving training: Does cognitive style make a difference? 192

CREATIVE PROCESS
Celebrating 50 years of reflective practice: Versions of creative problem solving 75

CREATIVE PRODUCTION
Creativity, Mood Disorders, and Emotional Intelligence 260

CREATIVE TEACHING
The dynamics of creative teaching 102

CREATIVE THINKING
Seventh graders' academic achievement, creativity, and ability to construct a cross-domain concept map — a brain function perspective 125

CREATIVITY ACROSS DOMAINS
The dynamics of creative teaching 102

CREATIVITY AND MENTAL ILLNESS
Creativity, Mood Disorders, and Emotional Intelligence 260

CREATIVITY TRAINING
Types of creativity training: Approaches and their effectiveness 149

CROSS-DOMAIN CONCEPT MAPPING
Seventh graders' academic achievement, creativity, and ability to construct a cross-domain concept map — a brain function perspective 125

EDUCATION AND TEACHING
The dynamics of creative teaching 102

EMOTIONAL INTELLIGENCE
Creativity, Mood Disorders, and Emotional Intelligence 260

GENDER DIFFERENCES
Differences in gender and ethnicity as measured by ratings of three writing tasks 56

IDEA GENERATION AND SELECTION
Beyond brainstorming: Effects of different group procedures on selection of ideas and satisfaction with the process 13

IDEA PRODUCTION
Conformity to experimenter-provided examples: Will people use an unusual feature? 180

IMAGINATION
Conformity to experimenter-provided examples: Will people use an unusual feature? 180

INCUBATION
Problem variables that promote incubation effects 35

INTUITION
Creativity and Intuition Revisited 244

MYERS-BRIGGS TYPE INDICATOR (MBTI)
Creativity and Intuition Revisited 244

NONVERBAL COMMUNICATION
Conformity to experimenter-provided examples: Will people use an unusual feature? 180

PREDICTING CREATIVITY
Creativity and Intuition Revisited 244

PROBLEM SOLVING
Defining and Assessing Problem-Solving Style: Design and Development of a New Tool 221
Problem variables that promote incubation effects 35

PRODUCT CREATIVITY
Differences in gender and ethnicity as measured by ratings of three writing tasks 56

RACIAL/ETHNIC DIFFERENCES
Differences in gender and ethnicity as measured by ratings of three writing tasks 56

SMALL GROUP PROCEDURES
Beyond brainstorming: Effects of different group procedures on selection of ideas and satisfaction with the process 13

TRAINING AND COGNITIVE STYLE
Reflections to creative problem solving training: Does cognitive style make a difference? 192

TRAINING STRATEGIES
Types of creativity training: Approaches and their effectiveness 149

WRITING
Differences in gender and ethnicity as measured by ratings of three writing tasks 56

Andrew J. Dutcher, M.S., M.L.S., International Center for Studies in Creativity, Buffalo State College — State University of New York.
